Gwalior

Traders divided between Tomar-Sindhia supporters over RTO exemption

Published: 25 Nov 2026

Gwalior. Preparations for the Gwalior trade fair are about to begin, and the fair might start around December 25. But there's already a rush to claim credit and demand a 50 percent discount on RTO registration for vehicles sold at the fair. The idea is that, under the pressure of Union Minister Jyotiraditya Scindia, RTO discounts will be given. However, people are already trying to take credit for making the announcement.

Recently in Gwalior, automobile traders Mukesh Agrawal, Sanjay Garg, and Samadhiya, associated with Madhya Pradesh Assembly Speaker Narendra Singh Tomar, met him and submitted a memorandum requesting that orders for a 50 percent discount on RTO taxes for vehicle registration at the fair be issued soon. A press note was officially released as well, so that if the discount is granted for vehicle registration at the fair, credit could be given to Assembly Speaker Narendra Singh Tomar.

Supporters of Scindia also became active

The RTO exemption at the trade fair had been obtained after many years due to the efforts of Union Minister Scindia. That’s why this time, after his supporters in the automobile business met with Assembly Speaker Tomar, the Scindia-supporting automobile traders quickly brought Madhya Pradesh Chamber of Commerce President Dr. Praveen Agrawal to Delhi, met him,

and completed the formalities of submitting a memorandum. Later, Union Minister Scindia immediately sent a letter to Chief Minister Dr. Mohan Yadav the same day. Among the automobile traders meeting Scindia were Harikant Samadhia, President of the Automobile Vehicle Dealers Association, Vineet Seth, Vice President of Guna District Trade and Industry Federation, Bharat Nagpal, and others.
